

## **Business Adoption Partner Program**

For \$100, your business becomes an Adoption Partner and:

- ACL lowers the adoption price of one of our animals (your sponsored animal) to increase their chances of finding a home quickly.
- When your sponsored pet is adopted, the adopter will receive a one page bio of your business and told that you are responsible for their lowered adoption fee.
- If you wish, we will also pass out other business material (coupons for instance) at the time of adoption.
- Your business name will be posted in the shelter as an Adoption Partner.

You may sponsor as many animals as you would like and as often as you would like.
